

RINO of the Month October 2026

Sen. Tara Nethercott

It may appear that the Wyoming Legislature has stopped its work for the year -- all is quiet, news reporting has slowed, and your legislator hasn't bothered you in a few weeks.

That's usually when you should be paying the most attention.

During September's interim meeting of the Select Committee on Blockchain, Financial Technology and Digital Innovation Technology, one prominent RINO made clear her preference for rogue AI-driven algorithms over human accountability for government actions, including for egregious violations of our Constitutional rights.

Senator Tara Nethercott, who has steadily earned lower failing scores on our scorecard every year she's served in the Wyoming Legislature, is our October RINO of the Month, settling in 2026 with a whopping **20% score**.

As Majority Floor Leader, Senator Nethercott singlehandedly killed dozens of bills prioritized by the Wyoming Republican Party over the last two years.

Will she continue to disappoint Republicans in 2027?

Term ends: 2029

What is a RINO? **A Republican in Name Only**

Have you as a loyal Republican, gone to the polls year after year, voting for candidates with an "R" beside their name, trusting they would legislate and vote like a Republican but only to be disappointed?

Don't feel bad – so have we.

The time is long overdue to hold politicians accountable for big government, big regulation, big taxation laws – values that the Republican party does NOT support.

This is the primary reason WyoRINO.com was created – to expose liberal Wyoming Republicans who violate our Wyoming Republican values.
